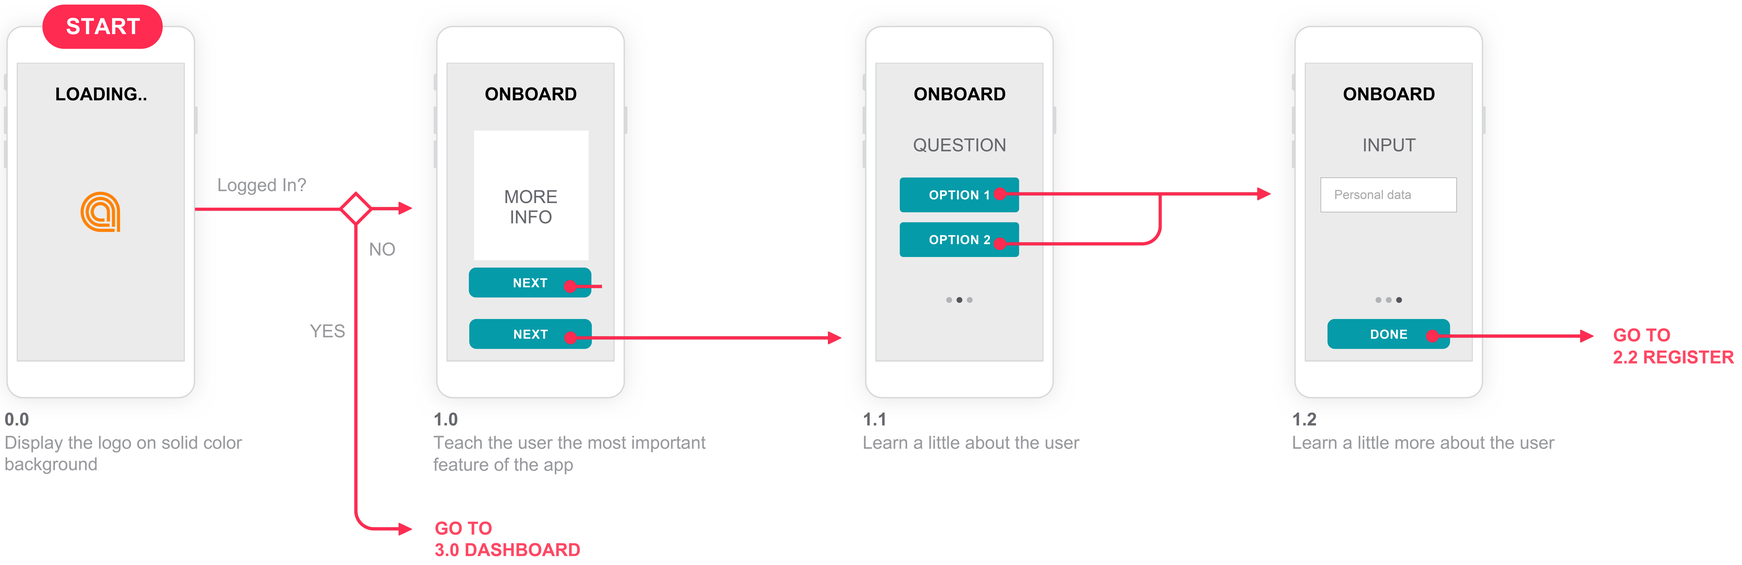
USER FLOW EXAMPLE

LAUNCH THE APP AS FIRST TIME USER

HELPFUL TIP
Separate each section or main action in the app into a detailed flow diagram using the user flow boards shown on this page. Try to have one focused goal for each page, and if it doesn't fit on one page, make the goal smaller and link off to other screens with screen number references. Feel free to use the phone symbols and scalable arrows to link the screens.



0.0
Display the logo on solid color background

1.0
Teach the user the most important feature of the app

1.1
Learn a little about the user

1.2
Learn a little more about the user
